NATIONAL CONFERENCE ON RECENT TRENDS IN SCIENCE AND TECHNOLOGY (NCRTST '25)

May 7th, 2025

ORGANIZED BY

GOVERNMENT COLLEGE OF ENGINEERING TIRUNELVELI – 627007

www.gcetly.ac.in

in collaboration with

ICT ACADEMY

ABOUT THE INSTITUTION

Government College of Engineering, Tirunelveli, is a state-owned Engineering Institute located in the city of Tirunelveli in the state of Tamil Nadu. Tirunelveli is often referred to as the 'Oxford of South India' due to the larger number of educational institutions present. It is affiliated to Anna University, Chennai and is an AICTE and DOTE approved educational institution in Tamil Nadu. It was established in the year 1981. The college is spread over an area of 23 hectares. The institution offers five undergraduate and five postgraduate programs. The four UG Programmes: Civil Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Computer Science and Engineering are accredited by NBA.

ABOUT THE CONFERENCE

The National conference on Recent Trends in Science and Technology will be organized by the Government College of Engineering, Tirunelveli with ICT Academy. The event is aimed at serving as an important platform for the presentation of cutting-edge concepts, methods, achievement and research of recent trends in science and technology. A suitable theme for a National Conference on Recent Trends in Science and Technology could be shaping the future. Innovation at the intersection of Science and Technology, captures the focus on emerging trends and their potential to drive advancements across various fields while emphasizing the inter disciplinary nature of modern scientific progress.

CALL FOR PAPER

The main objective of the conference is the sharing of knowledge from all the engineering community. The authors are expected to submit an original contribution of ongoing and unpublished work or survey in IEEE-MS Word format with a maximum of six pages to the conference email id: ncrtst2025@gmail.com. A maximum of four authors per paper is allowed. Separate certificates will be issued to each author. Selected papers will be published in the conference proceedings or ICTACT Journal. All the papers will be peer reviewed and checked for plagiarism. The copyright form and paper template will be shared in the acceptance mail. No publication charges will be collected from the authors.

Topics to be covered across the six tracks are listed below:

Track 1: Sustainable Practices in Civil Engineering. (Civil)

Track 2: Advanced Technologies in Mechanical Engineering. (Mechanical)

Track 3: Recent Trends and Applications in Electrical and Electronics Engineering. (EEE)

Track 4: Emerging Trends in Electronics and Communication System. (ECE)

Track 5: Smart Computing for Innovation in Engineering and Technology. (CSE)

Track 6: Recent Trends in Science and Technology. (S&H)

Conference Proceedings will be published with an ISBN Number. All presented papers will undergo a preliminary screening by ICTACT Journal. Articles clearing the preliminary screening will be put through a full double-blind review process. Based on the reviewer's recommendations and comments, the Editorial Board will declare for the publication of research articles in ICTACT journals.
